Elevator Dispatch — Testing and Coverage Report

The elevator dispatch implementation was tested using pytest. All 16 collected tests passed. Coverage was measured using pytest-cov.

Test Results

Command: `pytest -v`
Result: **16 passed** in 0.17 seconds.

Coverage Results

Command: `pytest --cov=elevator_dispatch --cov-report=term-missing`
Statements: 39 Missed: 0 Coverage: **100%**.

Evidence

Figure 1. Pytest verbose output showing all 16 tests passing.

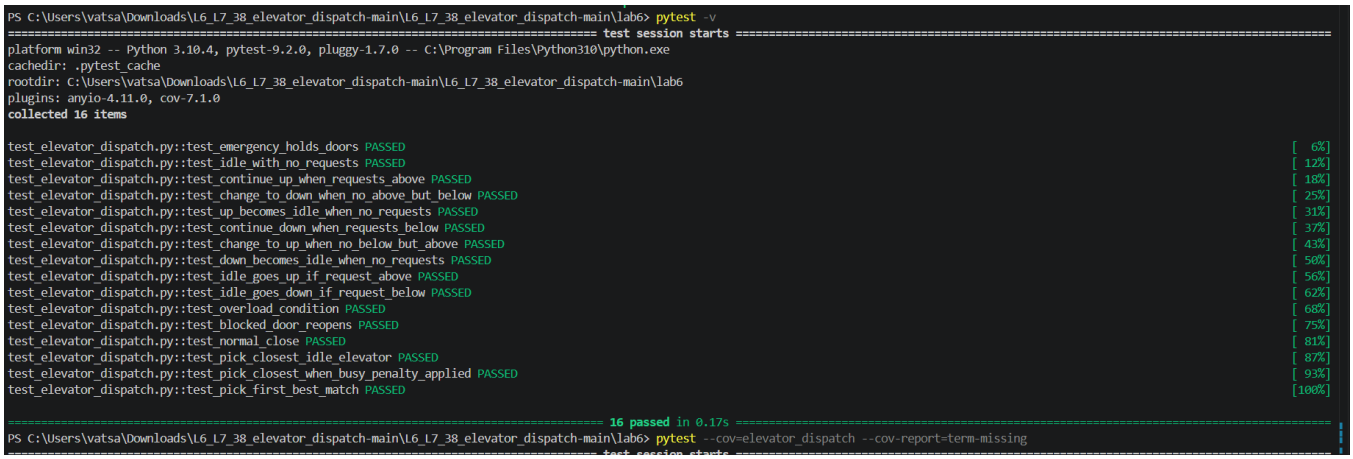

Figure 2. Pytest coverage output showing 100% statement coverage.
